# OLGN NETWORK

- The Oceanwide Logistics Global Network is comprised over 160 agents throughout the world. OL USA is proud to be part of this alliance, giving us unprecedented buying power and cooperation.
- Because of our global partnerships, we are able to reach out to places we would not normally have access to, to ensure giving you our best customer service and pricing.
- Headed by Mr. Cord Bruegge, a shipping specialist with over 40 years experience in the shipping industry; the OLGN Oceanwide Logistics Global Network manages the network globally, in real time.

# Global Agency Development

- An important component of Ols' success is the strength of our International Global Agency network . My role is to constantly examine our agents capabilities and make enhancements where possible , this is to ensure that the Agents which represent us are the best possible partners , relative to our requirements in that particular country . It is important to note that our company is dynamic and is continuing to develop and move in new directions as we open new services , our Global Agency network must be modified accordingly to support these activities .
